

MozyPro Secure Backup

MozyPro Secure Online Backup for Business

The MozyPro advantage

Simple

Manage multi-user and server environments from the convenience of a web-based administrative console.

Secure

Mozy employs the highest security standards and stores your data in world-class data centers.

Affordable

Secure backup solutions start at less than \$5 per month, with no setup fees, no hardware to purchase, and little management required.

Professional support

MozyPro support technicians are available 24/7/365 via phone and chat. You also have access to our Support Portal, complete with a customer community, knowledge base, and training information.

Affordable, easy-to-use backup for multi-user and server environments

Online backup made simple

As a business professional, you know the importance of keeping your company data, financial records, and administrative materials safe. You don't have time for backup solutions that take months to set up, require thousands of dollars in hardware costs, and force you to hire someone to oversee it all.

Mozy, the trusted leader in online backup, saves you time and money with simple, secure, and affordable backup solutions for computers and servers. You can be up and running in no time, as Mozy gives you the flexibility to deploy and manage multi-user environments from the convenience of a single administrative console.

With MozyPro, you'll get the tools to take control

MozyPro's web-based Administrative Console allows you to:

- Create sub-administrators
- View account usage, history, & stats
- Generate & email reports automatically
- Reset account passwords
- Change account status
- View and distribute license keys
- Customize configuration settings

Through the MozyPro software, application users can:

- Select folders and files to back up
- Set automatic and scheduled backups
- See a history of all backups
- Change account status
- Configure options & bandwidth throttling
- Restore files and folders
